GENERAL SHEET NOTES

1. Changes made to the drawings are not considered final until construction is complete and site work is ready for occupancy.

2. Photographs shall be taken during construction to verify the work is in accordance with the drawings.

3. If plans or specifications are modified, an architect's note shall be inserted into the drawing to identify the change.

4. Where changes are made to the drawings, the architect's note shall be inserted into the drawing to identify the change.
