BP 4222 REMEDIAL COURSEWORK

References:

Title 5 Section 55035

Basic skills courses are those courses, such as, reading, writing, computation, learning skills, study skills, and English as a Second Language which are designated by the community college district as non-degree applicable credit courses pursuant to Title 5.

These courses are designed to enable students to succeed in college-level work (including, but not limited to, college orientation and guidance courses, computer literacy, and discipline-specific preparatory courses such as biology, history, or electronics) that integrate basic skills instruction throughout and assign grades partly upon the demonstrated mastery of those skills.

Such courses shall only be taken as pass/no-pass.
