Mobile Client Access (IOS, Iphone, Ipad) Instructions

1. Upon trying to open your mailbox or update information in the ActiveSync client you will get an error saying that they cannot contact the server.

2. On the IOS based device go to the email account settings and change the email server from webmail.sjeccd.edu to m.outlook.com and then put in your username as your email address i.e. first.last@sjeccd.edu or first.last@evc.edu or first.last@sjcc.edu. Also remove SJECCD from the Domain field and leave it blank.
