The bid figure for that item as specified should be a total figure including all those attachments or accessories that are shown in the specification. If there are individual costs for attachments or accessories, all costs must be identified in the figures quoted.

In these instances, the Contractor shall within five (5) days of such occurrence submit written evidence for the cause of the delay including a request for an extension of time equal to the delay. If the District finds that a cause for delay does exist, it may at its' option grant an extension of time equal to the delay.
