March 10, 2020

To: Chancellor Dr. Byron Breland Honorable Board of Trustees

From: Jorge L. Escobar, Vice Chancellor of Administrative Services, interim

I am pleased to submit for your information the Second Quarter Budget Summary of the District's Unrestricted General Fund 10 for FY2019-2020 with multi-year projections through FY2022-2023. The second quarter does not reflect any mayor signs of deviation from the direction set during the adopted budget.

This report was presented to the District Budget Committee ("DBC") on January 31, 2020 and further discussed on February 27, 2020. The DBC reviewed this document at length, including assumptions and the basis of the projections. The DBC is highly experienced, very knowledgeable, fully informed about budget detail, and has an excellent understanding of the overall budget, including the changing nature of basic aid (community supported) funding and the underlying budget assumptions used. The District Budget Committee will remain influential in validating the District's budget status as it is updated and as new information becomes available.

The report highlights updates and projections for each fund and includes recognized revenue, actual expenses as of December 31, 2019 and expenditure projections for the current fiscal year as well as budget projections for the subsequent three-years. The allocated budget amounts represent the commitment of the District to the successful accomplishment of goals and objectives for the year.

The development of the report was supported by the Business Services staff at Evergreen Valley College, San Jose City College, and the Center for Economic Mobility then analyzed, compiled, and finalized by the District Services Fiscal team. Business Services and Fiscal Services staff are to be commended for their attention to detail, work ethic, and commitment to the organization to provide updates on a quarterly basis by compiling year-to-date activity and producing revised projections to assist the Chancellor and Board of Trustees with decision-making.

We follow the Board budget principles as a guide to the judicious use and stewardship of valuable resources throughout the fiscal cycle. Furthermore, all transactions follow the highest standards of accounting practice which are reviewed and validated through our audit process.

2019-2020 Fiscal Year

The adjusted beginning fund balance at July 1, 2019 was \$22,605,124, 17.94% of prior year expenditures. The revenues are now projected to be \$132,582,585, and we remain a Community Supported College District (Basic Aid status.) We calculate revenue using property tax updates from the Santa Clara County Tax Collector as one of our sources. The property tax revenues are currently projected to be \$110,266,050, which at the point of reporting Q2 represents a 7.14% increase to the Unrestricted General Fund 10 from FY2018-2019. District unrestricted revenues are now nearly, entirely, property tax dependent totaling \$110.26 million representing 83.2% of our total projected revenue of \$132.58 million.

With the continued increase in local property taxes, the District's financial outlook remains with positive support. As previously noted, the trend for subsequent property tax data points has been significantly higher and will continue to monitor the assessed valuations in the county tax roll as well as any signs of change. There are many global factors that we need to keep present in our analysis. For example, the different elections in March 2020, the political uncertainty of the November 2020 elections, the Corona Virus expansion, the recent adjustment of Wall Street and financial markets across the board, and other local indicators, such as the assessed valuations of real property in Santa Clara County.

On the expenditure side the District is projecting to spend \$132,261,974 in FY2019-2020. Last year the final actual expenditures were \$126,026,818 of which 87.02% were for personnel expenditures and 12.98% for operating costs, which are the numbers to which we compare the actual financials for the quarter.

The retirement costs for STRS and PERS continue to escalate with a 0.82% rate increase in STRS and 0.82% rate increase in PERS this fiscal year. This trend continues in the out-years with projected rate increases at similar levels through at least FY2022-2023. The District projects an increase of 6.1% in Blue Cross premiums in this budget year and an increase of 6.1% in Kaiser medical rates. With the move to SISC, Self- Insured Schools of California, our projected out-year premium increases are 6.1% for Blue Cross and 6.1% for Kaiser. These out-year projections are based on the recent Self-Insured Schools of California premium increase history which is likely attributed to the extensive purchasing power of this large Joint Powers Authority. The adopted budget included in our long-term fiscal outlook the Cadillac Tax burden that is no longer a liability. The removal of this liability in the out years reflects a reduction in projected expenses that is very significant.

For planning purposes, the District will continue following board budgeting principles as the foundation for budget planning; therefore, we reflect property tax growth at a rate of 3.5%. Also, in recent years, the District has incorporated an expenditure discount factor. This factor is based on the historical five-year average variance between expenditures that are budgeted to be spent and actual dollars expended at the end of the year. In the out-years, we apply the actual five-year historical average as a discount, which is 1.51%. This essentially reduces the out-year projected expenditures by approximately \$2 million.

Summary

In summary, as of December 31, 2019 our FY2019-20 budget is balanced with a projected increase to the ending fund balance of \$320,611 for a total \$22,925,735, 17.33%. In the succeeding budget years, based on assumptions incorporated as part of the detail budget package, the current estimate is to finish at 18.20%, 20.31%, and 21.06%.

As we plan for financial sustainability and to project figures for future years, the fiscal team keeps close attention to the following factors:

- Property Tax receipts
- Collective Bargaining efforts
- Health and Welfare premiums
- STRS and PERS pension employer rate increases
- Spend rates per location and connection to outcomes
- Unspent balances at year end

On February 13, 2019, the Board of Trustees established parameters on providing resources to this fund and further refined parameters on fund utilization, which were originally established on February 23, 2016. There is currently a balance of \$1,250,000 in this fund as a result of inter-fund transfer in from the Unrestricted General Fund 10. There is not currently a projection to add to this fund in FY 2019-2020.

Student Success Enhancement Fund 14

Established in FY 2015-2016, the Student Success Enhancement Fund receives partial revenues from the land lease payments from the Evergreen Marketplace II Retail Development, one-time payments associated with the exclusive negotiating agreement with Republic Urban Properties, and future revenues associated with the land development project of some of the vacant parcels located adjacent to Evergreen Valley College. The objective of these revenues is to provide a funding source for innovative projects focused on closing achievement gaps aligned with the Board of Trustees' ends policies. The District expects to utilize this funding for the Promise program.

Facility Rental Fund 15

The Facilities Rental Fund was established in FY 2010-2011 to track facilities rental fees received pursuant to the Civic Center Act and to track corresponding costs associated with these activities. Activities within this fund is limited to facilities rental activities, however fund balance may be transferred to other funds to support shortfalls or other expenditures. GENERAL FUNDS - RESTRICTED

Parking Fund 11

The Parking Fund was augmented by the Unrestricted General Fund 10 to support operations by \$103,483 in FY 2011-2012. On April 10, 2012, the Board of Trustees authorized an increase to parking permits and daily parking fees in order to mitigate the reliance of the Unrestricted General Fund 10. As a result of this action, coupled with vacancies, the Parking Fund had a positive ending fund balance in the subsequent fiscal years. However, the fund once again ran a deficit and required an augmentation from the Unrestricted General Fund 10 to support operations in FY 2015-2016 in the amount of \$99,647, in FY 2016-2017 in the amount of \$411,692, in FY 2017-2018 in the amount of \$579,687, and in FY 2018-2019 in the amount of \$688,726. The projection for FY 2019-2020 is \$757,924 and will be updated as revenues and expenses are recognized throughout the year.

Please note that the transportation fee (Eco Pass) is also accounted for in the Parking Fund. This program ran a surplus in FY 2016-2017 of \$12,800. However, said fund ran a deficit of \$22,597 in FY 2017-2018 and \$68,712 in FY 2018-2019. The current projection for FY 2019-2020 is a deficit of \$69,200, which is included in the aforementioned \$757,924 deficit for the entire fund.

Community College Center for Economic Mobility Fund 16

Beginning in FY 2011-2012, the District and the Community College Center for Economic Mobility (CEM [previously known as the Workforce Institute]) agreed that the CEM would annually transfer 15% of its operating profit to the District. In FY 2011-2012, this resulted in a transfer of \$70,788. CEM finished the subsequent fiscal years with an operating deficit, so there was no transfer to the Unrestricted General Fund 10. Although the trend reversed in FY 2015-2016 with a modest transfer of \$6,383, CEM once again ran a deficit in FY 2016-2017. In FY 2017-2018, there was another modest transfer of \$16,104 and in FY 2018-2019 there was another transfer of \$65,080. However, the current projection for FY 2019-2020 is that there will not be a transfer to the District.

Categorical and Grant Fund 17

This fund represents all grants and categorical programs for the District. District Services has spent \$109,242 (or 11% of anticipated spending in the second quarter of FY 2019-2020), down from when District Services spent \$166,214 (or 17% from the same period in FY 2018-2019). San Jose City College has spent \$4,841,317 (or 31% of anticipated spending in the second quarter of FY 2019-2020), up from a dollar perspective when \$4,650,522 (or 30% from the same period in FY 2018-2019). Evergreen Valley College has spent \$6,001,430 (or 34% of anticipated spending in the second quarter of FY 2019-2020), up from \$5,369,481 (or 29% from the same period in FY 2018-2019). Lastly, Community College Center for Economic Mobility has spent \$710,696 (or 32% of anticipated spending in the second quarter of FY 2019-2020), down from \$1,571,697 (or 28% from the same period of FY 2018-2019).

Student Health Fees Fund 18

The Student Health Fee Fund was augmented by the Unrestricted General Fund 10 to support operations at Evergreen Valley College by \$14,830 in FY 2010-2011 and was augmented by MAA Funds to support operations at San Jose City College by \$25,082 in FY 2010-2011. Both campuses responded by reducing the expenditure budget for FY 2011-2012. On February 14, 2012, to Board of Trustees authorized an increase to the student health fee by an additional \$1 (from \$17 to \$18 per semester), based upon the Implicit Price Deflator Index. As a result of these actions, the Student Health Fee was structurally balance in FY 2011-2012.

However, in FY 2012-2013, the Student Health Fees Fund once again ran a deficit requiring an augmentation by the Unrestricted General Fund 10 to support operations at Evergreen Valley College by \$5,119 and to support operations at San Jose City College by \$32,006. San Jose City College ran a deficit in FY 2013-2014 requiring and augmentation from Unrestricted General Fund 10 of \$29,041, while Evergreen Valley College experienced a surplus of \$5,687 primarily due to salary savings due to a vacancy. On January 4, 2014, the Board of Trustees authorized an increase to the student health fee by an additional \$1 (from \$18 to \$19 per semester), based upon the Implicit Price Deflator Index effective the 2014 Fall Semester. Despite this action, San Jose City College ran a deficit in FY 2014-2015 of \$9,472 while Evergreen Valley College ran a slight surplus of \$43,806.

On April 4, 2017, the Board of Trustees authorized an increase to the student health fee by an additional \$1 (from \$19 to \$20 per semester), based upon the Implicit Price Deflator Index. On May 14, 2019, the Board of Trustees authorized another \$1 increase to the student health fee, bringing the total to \$21 per semester. Both colleges ended FY 2015 -2016 through FY 2018-2019 with a modest ending fund balance and both colleges are projecting a balance budget in FY 2019-2020.

CAPITAL/BOND PROJECT FUNDS

CAPITAL/BOND PROJECT FUNDS

Funds 36, 42, 44, 45, 46 and 47

In November 2010, the voters reaffirmed their commitment to the District with the passage of an additional local general obligation bond authorization, known as Measure G-2010, in the amount of \$268 million. Then again, in November 2016, the voters expressed their generosity and commitment to the District with the passage of Measure X, which provided an additional funding authorization of \$748 million.

The aformentioned local general obligation bond programs are governed by Proposition 39, which requires a 55% voter approval threshold and carries the requirement of a Citizens' Bond Oversight Committee (CBOC), which provides review described by law, and delivers annual reports to the Board of Trustees.

Fund 42 has been established to track expenditures related to the Measure G2010 Series B bond program (otherwise known as the technology and scheduled maintenance [or small capital repairs] endowment fund). Fund 44 has been established to track revenues and expenditures related to the sale of the Series D for the Measure G-2010 bond program, which is the final series of the program and is expected to be fully spent in FY 2019-2020. Expenses through the second guarter of FY 2019-2020 for Measure G-2010 projects totaled \$3,442,598.

Fund 45 has been established to track expenditures related to Measure X Series A and Fund 46 has been established to track expenditures related to Measure X Series A-1 (which are taxable bonds). Expenses through the second quarter of FY 2019-2020 for Measure X projects totaled \$9,690,834. Fund 47 has been established as a placeholder to account for the remaining authorization totaling \$663 million.

The revenues in the Capital Outlay Fund 36 are received from redevelopment agency pass-through funds and capital outlay fees (local revenues) and are to be spent on minor capital projects. Expenditures in the second quarter totaled \$268,468.

SPECIAL REVENUE FUNDS

SPECIAL REVENUE FUNDS

Cafeteria Fund 70

The Cafeteria Fund includes commission from food services vendors and costs associated with support of the food services operations at the colleges.

Child Development Fund 72

The Child Development Fund represents the operation of the San Jose City College's Child Development Center, which was closed beginning FY 2011-2012. The Child Development Fund was augmented by the Unrestricted General Fund 10 to support operations in FY 2010-2011 by \$211,902. This, coupled with the condition of the facility, prompted the closure. Beginning in FY 2012-2013, revenues and expenditures primarily represented as pass-through to a third party vendor to continue to provide services since the center's closure. In the recent years, the revenues received have been returned to the State pending SJCC's ability to partner with a third-party vendor or to re-establish a center on campus to provide these crucial services.

In FY 2011-2012 through FY 2014-2015, San Jose City College elected to exercise the ability to transfer funding from one categorical program to another (known as flexibility) by transferring \$34,308 from the Childcare Tax Bailout Program to supplement the Disabled Student Program (DSPS).

OPEB-RELATED FUNDS

OPEB-RELATED FUNDS

OPEB Trust Fund 75

The OPEB Trust Fund was established after the sale of OPEB Bonds to fund the GASB 43/45 Actuarial Valuation of Post-retirement Employee Benefits estimated at \$47,719,500 at June 30, 2007. The closing of the District's OPEB Bond was May 14, 2009, with an expense rate fixed at 4.62%, with a swap rate at the end of the third year at 4.239%. In May 2012, the District refinanced the OPEB bonds locking in an "all-in interest" rate of 5.239% for 15 years.

The operating expenditures of \$111,590 represent fees associated with Benefit Trust as the Discretionary Trustee for asset and fiduciary management and investment policy development, and to Keenan as Program Coordinator for the District. Due to fluctuations within the market, earnings through the second quarter are \$1,991,567.

Retiree Benefit Fund 81

The Retiree Benefit Fund was established to record land lease payments from the Evergreen Marketplace II Retail Development and to begin accumulating resources to offset the long-term retiree medical benefit liability. Once the OPEB Bonds were sold and the Trust Fund was established, this fund was used to accept the transfer in from the OPEB Trust Fund 75 to pay the monthly retiree medical benefits. Fund 81 is currently used to fund the debt service payments for the OPEB Bonds from the accumulated balance.

Long-Term OPEB Debt Fund 85

The Long-Term OPEB Debt Fund pays the debt service to the OPEB bondholders. The Unrestricted General Fund 10 was required as anticipated to start making significant transfers into this fund beginning in FY 2012-2013 to support this on-going debt services. In FY 2019-2020, this transfer is anticipated to be \$1,888,304. This is well below the anticipated cost of retiree medical benefits of \$3,587,724, which the Unrestricted General Fund 10 would be required to pay if not for the OPEB Trust Fund.
